The board (“**Board**”) of directors (“**Directors**”) of the Company wishes to inform the shareholders (“**Shareholders**”) of the Company and potential investors that based on the preliminary information available to the Directors, the Board expects that the net profit of the Group for the financial year ended 30 April 2016 will fall by more than 80% as compared to the net profit recorded for the financial year ended 30 April 2015, mainly as a result of (1) a decline in turnover of the Group due to the challenging global business environment; and (2) an additional tax provision to be made in the financial year ended 30 April 2016 for the Hong Kong tax case referred to in the Company’s interim report for the six months ended 31 October 2015.

This profit warning announcement is based on preliminary estimates by management of the Company with reference to the consolidated management accounts of the Group and the information available for the time being, which have neither been reviewed nor audited by the Company’s auditors. Detailed financial information of the Group will be disclosed in the final results announcement of the Company for the financial year ended 30 April 2016, which is expected to be published in July 2016. A further announcement in relation to the Hong Kong tax case will be made when there is any definitive development in that case.
